ABOUT THE PROPERTY

Located on a quiet street just two blocks from the Post Office and three blocks from the town square, this house and .43 acre lot is available for immediate possession. Built in 1890, the house reflects the charm of the building style at the time. Although it would need some work the house was lived in until just recently. The house is being sold As Is and an inspection is recommended before purchase. The .43 acre lot is actually two lots and provides ample space for an alternative structure such as an apartment building. There is an 864 square foot, two car garage and two other outbuildings on the property as well. Give us a call today for a showing!
